

Normal case: short left text, short right text
left text is left-aligned, right text is right-aligned

Michael Sulyaev 12345

Second case: long left text, short right text

Michael Sulyaev and Fritz ...

1 2 3 4 5

Second case (Trial): long left text, short right text
right text and leader is grouped by <inline>

Michael Sulyaev and Fritz ...

1 2 3 4 5

Second case (Best): long left text, short right text
right text and leader is grouped with

<inline keep-together.within-line="always">

Michael Sulyaev and Fritz

..... 12345

Third case: very long left text with automatic linebreak,
short right text,

Michael Sulyaev and Friedrich

Kirch 12345

Third case: very long left text with CRLF, short right text

What I want is:

Michael Sulyaev and

Friedrich Kirch12345

But what I get is

Michael Sulyaev and

Friedrich Kirch.....12345
